

views/processingpropertiesettings.h

```
graph BT; A[views/processingpropertiesettings.h] --> B[views/processingpropertiesettings.cpp]; A --> C[views/telescopeview.cpp];
```

The diagram illustrates a header file relationship. At the top is a grey rectangular box containing the text 'views/processingpropertiesettings.h'. Below this box are two white rectangular boxes. The left box contains 'views/processingpropertiesettings.cpp' and the right box contains 'views/telescopeview.cpp'. Two blue arrows point from the bottom of the left box and the bottom of the right box towards the bottom center of the top box, indicating that both source files include the header file.
