

RemoteTelescope::setId

```
graph LR; A[RemoteTelescope::setId] --> B[RemoteTelescope::id]
```

A diagram showing a relationship between two identifiers. On the left, a gray rectangular box contains the text 'RemoteTelescope::setId'. A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text 'RemoteTelescope::id'. Both boxes have a black border.

RemoteTelescope::id
