

PaintingProperties
::setViewCalculatedCenter

```
graph LR; A[PaintingProperties::setViewCalculatedCenter] --> B[PaintingProperties::viewCalculatedCenter]
```

The diagram consists of two rectangular boxes connected by a horizontal arrow. The left box has a light gray background and a black border, containing the text 'PaintingProperties' on the top line and '::setViewCalculatedCenter' on the bottom line. The right box has a white background and a black border, containing the text 'PaintingProperties' on the top line and '::viewCalculatedCenter' on the bottom line. A dark blue arrow points from the right side of the left box to the left side of the right box.
